## WORK EXPERIENCE

---

### Wisflux Tech Labs

Software Development Intern – Full Stack

Jan 2025 – Apr 2025

- Built and deployed full stack features with Node.js and MongoDB, integrating clean, responsive UIs using HTML, CSS, and JavaScript.
- Designed RESTful APIs and modular backend systems to enable efficient data handling and seamless frontend interaction.
- Improved code reliability and scalability by leveraging TypeScript, debugging tools, and best development practices.

## EDUCATION

---

### Parul University, Gujarat (Pursuing)

Master of Computer Applications – 74.6%

Jul 2023 – Present

### BIT Mesra – Jaipur Campus, Rajasthan

Bachelor of Computer Applications – 71.4%

Jul 2020 – Jul 2023

## PROJECTS

---

### Bookstore Management System [🔗](#)

June 2025 – Present

- Built and deployed a full-stack Bookstore app (React, Node.js, MongoDB) with features like cart, reviews, orders, and admin controls.
- Deployed frontend on Vercel and backend on Render, with persistent cart for both guest and logged-in users.
- Integrated JWT auth, role-based access, PDF invoice generation, and profile management with real-time UI feedback.

## TECHNICAL SKILLS

---

- **Languages:** Python, C, HTML, CSS, JavaScript
- **Frameworks & Libraries:** Node.js, React.js, MongoDB
- **Tools & Platforms:** Visual Studio Code, Jupyter Notebook, Postman, Render

## CERTIFICATE

---

### Front-End Software Engineering Job Simulation | Skyscanner [🔗](#)

- Built responsive UI components using JavaScript, React, and Backpack while solving real-world front-end challenges aligned with Skyscanner's design practices.

### Data Analytics Job Simulation | Deloitte [🔗](#)

- Developed practical skills in data cleaning, analysis, and visualization through real-world tasks simulating the role of a Deloitte data analyst.

### Legacy JavaScript Algorithms and Data Structures | FreeCodeCamp [🔗](#)

- Solved advanced algorithmic challenges using JavaScript, focusing on recursion, sorting, and dynamic programming.

### Full Python Course (Offline) | Digital Computer Classes

- Completed hands-on training in core Python programming, object-oriented principles, and data structures through instructor-led sessions.

## OTHER ACTIVITIES

---

### Volunteer – Health Camp Organizer

Smile Foundation & Bosch India Foundation

- Managed patient data digitally using Excel during a free health camp.
- Supported registration coordination and on-site logistics.
